Verify

Valimail is SendGrid's preferred partner for DMARC reporting and domain visibility

To see everyone sending on your behalf - good and bad, SendGrid recommends creating a FREE account for Valimail Monitor. Select **Enable Valimail Monitor**, create your monitor account following the link below, and in 24-48 hours you'll get a global view of the email traffic being sent on behalf of your primary and subdomains.

Want to unlock DMARC?

DMARC records aren't required for verifying your domain authentication. "v=DMARC1; p=none" is the simplest policy, however your organization may have stricter
